The Lincoln League

Throughout the United States an effort will
be made Sunday, February 12th—Lincoln's
birthday—to get the young folks of the Sun-
day-schools to sign the total abstinence pledge,
and thereby become members of the Lincoln
League movement, which President Taft has
indorsed. A feature of the day will be the
reading in all such Sunday-schools of a letter
written by the President on this subject,
addressed to the boys and girls of the country.
The Lincoln League movement, which is now
seven years old, is connected with the Anti-
Saloon League and has for its purpose the
securing of total abstinence from young people.

Half-Price Underwear.

We have some corset covers, gowns, drawers and petticoats that have lost their freshness either through use
in display, service as samples or from imperfect boxes not being discovered until dust had wrought havoc with the
contents. These garments though right in every detail won't stand comparison with the crisp snow-white Underwear
at the same price, so we have reduced them one half. They are rare bargains. The garments and prices are too
varied for detail but a moment's inspection of this bargain table will convince you it is well named.

BARGAIN NUGGETS

Corset Covers in the high class grades, of which only a few of a kind are left, have been reduced as follows:
The material, trimmings and workmanship are above reproach but the garments at each price are so few we will close
them out as follows:

Present Price	50c	75c	89c	\$1.25	\$1.50	\$1.75	\$2.00

Sunday-School Census

The triennial State Census of the Protestant Sunday-schools is now being taken, and the officers of the Kentucky State Sunday-school Association expect to have the figures ready to give out by or before March 1st. The census is being taken so that the statistics may be reported at the International Sunday-school Convention, which is to be held at San Francisco from June 20th to June 27th. In Mason county there are forty-three schools, as against thirty-seven three years ago. The enrollment then was 2,350 and now it is over 3,000.

Garden City, Kas.—In a letter from Mrs. James Hamer of this city, she says: "I firmly believe that I would not be alive today, if it were not for Cardui. I had been a sufferer from womanly troubles all my life, until I found that great remedy. I feel that I can't praise it too highly." Are you a woman, suffering from some of the troubles (one which a woman is peculiarly liable? If so, why not try Cardui, the woman's tonic? You can rely on Cardui. Progressiveness?

(Communicated)

Editor Public Ledger: In the last three or four days the eye and the mind of the reader of the Maysville papers have been delighted with flaming columns and articles about the organization and perfection of a Business Men's Club, or Chamber of Commerce, the purposes of which are, in the main, the betterment of our city in a business or an industrial way—a good cause and noble effort, and may it have the greatest of success. May the industrial reputation of our city be emblazoned on a bronze tablet in the Taj Mahal in India from the East, to the Seal Rocks of California in the West. But in our mad fight for industrial supremacy abroad, let us not forget a few conditions close at home, which, if remedied by the individual as well as the organization as a whole, will insure more peace and tranquility and greater prosperity and happiness than if we advertise our city in every newspaper or other periodical in the country.

It is my intention and purpose to refrain from personalities, and let not the reader individually take this short article to heart. Let us first make friends with our fellowman and citizen, and instead of having a speaking acquaintance with one out of every dozen business men we meet on our streets in every day life, have a word of encouragement and the glad hand for each and every man whom we meet.

Second, let us encourage home industry and business in our home stores and among our home people before spending good money to advertise abroad. Citation: But last week one of our local merchants called on another to sell him an article as good and cheaper than could be bought in a foreign mart, when the latter informed him that he always bought that article in Cincinnati. This latter merchant is a member of this organization to improve our city in an industrial way, while as an individual he works contra.

LEN VOL.

Now let the committee that is going to draw up the charter and by-laws of this organization install therein some of these simple principles and assure peace and prosperity at home before we start on a foreign campaign.

I was requested to make a short talk along these lines at the initial meeting of the organization, but on account of the luring attractiveness of the Pastime I failed to do so, and these same gentlemen, some of our leading business and professional men, have requested me to write this for publication.

A CITIZEN.

MAY PROVE FATAL.

When will Maysville People Learn the Importance of It?

Backache is only a simple thing at first; But when you know 'tis from the kidneys; That serious kidney troubles follow; That diabetes, Bright's disease may be the fatal end.

You will gladly profit by the following experience.

"'Tis the honest statement of a sufferer who was cured. Thomas Ruark, East Second street, Vanceburg, Ky., says: 'I suffered from kidney trouble and inflammation of the bladder for over ten years, some of the attacks being so severe that I really thought I would die. A complete retention of the kidney secretions existed and I called a doctor who drew the secretions from me with an instrument. None but those who have gone through this can imagine the suffering I endured. Some time ago I saw Deso's Kidney Pills advertised and I procured a box. Since using them I have had no trouble from my kidneys.'

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

A WOMAN'S APPEAL

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuralgia, palus, to write to her for a home treatment which has repeatedly cured all of these troubles. She feels it her duty to send it to all sufferers FREE. You cure yourself at home, as thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. M. SUMMERS, Box R, South Bend, Ind.

MAYSVILLE LOOSE LEAF TOBACCO MARKET

Loose leaf tobacco sales yesterday amounted to 214,280 pounds, with prices ranging from \$2.50 to \$16.75 per hundred. The market was spirited and active but the offerings were of common and inferior grades.

At the Farmers' Warehouse 129,280 pounds were sold.

The Tuck-to-bid sold 85,000 pounds.

During the week more than a million pounds of tobacco have been sold here on the loose leaf market.

To Honor Bishop Burton

Lieutenant Governor Cox and Rev. James H. Fielding, Rector of the Church of the Nativity of this city, will leave this afternoon for Lexington to attend the celebration of the fifteenth anniversary of the consecration of the Rt. Rev. Lewis W. Burton as Bishop of the Lexington Diocese of the Protestant Episcopal Church of America. The celebration will extend from Sunday till Monday, and the occasion will be one of solemn dignity combined with a thoroughly good fellowship in honor of the good Bishop. The banquet on Monday night to Bishop Burton promises to be one of the greatest expressions of popular esteem ever accorded a citizen of Kentucky. Hon. Allan D. Cole will also attend the banquet.

During the past month 12,000,000 bushels of coal and the enormous amount of 16,000 tons of freight were shipped in barges from Pittsburgh for Cincinnati, Louisville and the South. Never in the best days of the Pittsburgh and Cincinnati packets did they carry as much freight out of Pittsburgh as the barge line has carried. The railroads cannot compete with the river barge line on a long haul.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-renewing, muscle-making material, in condensed and concentrated form. With this help, Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering, obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure and the profit, so there's nothing "just as good" for you. Say so.

Famous Case Dismissed

WASHINGTON, January 27th—The "boycott" case of the Bucks Store and Range Company against the American Federation of Labor today came to a dramatic close in the Supreme Court of the United States, which decided it was a moot question and one that it would not hear. The refusal of the Court to proceed further with the boycott case will not affect the contempt charges against Samuel Gompers, John Mitchell and Frank Morrison.

TIRED, RUN DOWN PEOPLE

A North Carolina Man Suggests a Remedy

Greensboro, N. C.—"For a long time I was so run down and debilitated that I could hardly drag around. My appetite was poor and I could not sleep nights. I had tried different so-called tonics without benefit. I was advised to try your cod liver and iron tonic, Vinol, and I am so glad I did, for it gave me a hearty appetite. I soon commenced to sleep soundly and I feel strong, well and more active than I have for years. Every run-down or debilitated person should just give Vinol a trial." K. Allabrook. (We guarantee this testimonial to be genuine.)

What Vinol did for Mr. Allabrook it will do for every weak, run-down or debilitated person in this vicinity. To show our faith we will furnish the medicine free if it does not do as we claim. Come in and get a bottle on these terms. John T. Pecor, Druggist, Maysville, Ky.

The HIGH COST of LIVING

Has been greatly reduced in thousands of homes in all parts of Uncle Sam's broad domain this winter through the use of

THE PECK WILLIAMSON UNDERFEED FURNACES AND BOILERS

The reason is plain. Cheapest slack in the Underfeed gives as much clean, even heat as the most expensive grades which ordinary heating plants require. All the fire is on top and has to eat down into the fresh coal underneath against the draft. Combustion is slow and perfect, and smoke, soot and gases are entirely eliminated. This enables Underfeed Furnace and Boiler users to effect an every year saving of 50% to 65%. Why give this good coin to the coal man? Put it in the Underfeed and let

Catarrh being a constitutional disease, requires constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for anyone that it fails to cure. Send for list of testimonials.
